

BSL BIOSERVICE REACH Services

THE FIRST STEP IS DONE!

Now you are waiting for reply on your testing proposals from ECHA while preparing for the 2013 deadline

BSL BIOSERVICE, together with our experienced partners, provides you with high quality laboratory services, including testing of **Toxicology, Ecotoxicology and Physico-Chemical Properties**.

More than 25 years of experience in chemical safety testing, together with our state of the art facilities and well trained employees assure highest quality standards! The highly standardized climatic and hygienic environment of our laboratories is the first step for the reliable safety assessment of your test substances.

Reserve your slot now – and register on time

Our capabilities guarantee strict compliance to given time frames.

This is also true for the **Repeated Dose Toxicity Studies** and **Reproductive Toxicity Studies** required according to the REACH directive.

We welcome the opportunity to provide you with customized support for your substances.
